I want you to know when you hold my hand you hold my heart

I want you to see when our eyes meet my lovin' will start

I want you to say you're thinking of me those nights when we're apart

I want you to know when you hold my hand you hold my heart

my darling my baby my honey my friend

this feeling for you will never come to an end

I don't mean, babe, a walk down the aisle

just a chance love to make you smile

oh don't turn away please hear what I have to say

I want you to know when you hold my hand you hold my heart

I want you to know when our eyes meet my lovin' will start

I want you to say you're thinking of me those nights when we're apart

I want you to know when you hold my hand you hold my heart

I want you to know when you hold my hand you hold my heart

I want you to know when our eyes meet my lovin' will start

I want you to say you're thinking of me those nights when we're apart

I want you to know when you hold my hand you hold my heart

I want you to know when you hold my hand you hold my heart
