T-t-touch me a-a-all night long  
T-t-touch me a-a-all night long  
T-t-touch me a-a-all night long  
T-t-touch me a-a-all night long  
Touch me a-a-all night long  
Hold me, baby, drive me crazy  
Touch me all night long  
Make me love you, kiss and hug you  
Touch me all night long  
Were starting it over  
We're making way for destiny  
A time to turnover  
A better life for you and me  
A new recreation  
To channel all this energy  
Let's solve the equation  
I need to feel you close to me  
So baby, let your conscience go  
There's no turning back  
When love takes hold  
Hold me, baby, drive me crazy  
Touch me all night long  
Make me love you, kiss and hug you  
Touch me a-a-all night long  
The more that I see you  
The more I know that love belongs  
With you in my mind, boy  
I wouldn't know what's right from wrong  
'Cause love will takeover  
And leave you out of sight and mind  
You've got to go with the feeling  
And trust fate to be kind  
And baby, let your conscience go  
There's no turning back  
When love takes hold  
Hold me, baby, drive me crazy  
Touch me all night long  
Make me love you, kiss and hug you  
Touch me a-a-all night long  
Let's do it  
Touch me  
Yeah, let's do it
