My mama said to stay from guys like you.
She said they were nasty make me do things I don't
wanna do
Stay away from bad boys they've got one thing on their
mind
Their hormones are raging and they want it all the time

[CHORUS:]

And I know, know 'cause she said so
And I can't just let you go
And I know, know 'cause she said so
And I can't just let you go

I love you very much, you're nice to see and nice to
touch
And I'll never ever ever treat you wrong,
I've been waiting for you all along.

[REPEAT CHORUS]

Never let go. Never let go. I said I want you to know.
I said I want you to know right now. I want you to know
I said I want you to know
