I run from hate, I run from prejudice
I run from pessimists, but I run too late
I run my life or is it running me, run from my past
I run too fast or too slow it seems

When lies become the truth
That's when I run to you

This world keeps spinning faster
Into a new disaster so I run to you, I run to you baby
When it all starts coming undone
Baby, you're the only one I run to, I run to you

We run on fumes, your life and mine
Like the sands of time slippin' right on through
And our love's the only truth
That's why I run to you

This world keeps spinning faster
Into a new disaster so I run to you, I run to you baby
When it all starts coming undone
Baby, you're the only one I run to, I run to you

Whoa, oh, I run to you

This world keeps spinning faster
Into a new disaster so I run to you, I run to you baby
When it all starts coming undone
Baby, you're the only one I run to, I run to you, I run to
you, yeah

Whoa, oh, I run to you
I run to you girl, whoa

I always run to you
Run to you, run to you
