I've kept it inside for the longest time
And I can't keep keeping it
All this love that's inside my heart

Maybe it's safer not to say that I care
Maybe this road won't lead me anywhere

But if I don't tell you now
I may never get the chance again
To tell you that I need you, tell you what I'm feeling
If I keep these feelings in

And if I don't say the words
How would you hear what's inside my heart
How would you know then
If I don't tell you now

I'd give anything to be in your dreams
And I can't stand standing by
With this dream that's inside my heart

Maybe I'm only gonna make a mistake
And there's a chance, maybe my heart will break

But if I don't tell you now
I may never get the chance again
To tell you that I need you, tell you what I'm feeling
If I keep these feelings in

And if I don't say the words
How would you hear what's inside my heart
How will you know then
If I don't tell you now

How will you know you're inside my soul?
Oh, it's driving me crazy
'Cause you don't see, you're the world to me
I'm so afraid to see the way that I feel for you

If I don't tell you now
I may never get the chance again
To tell you that I need you, tell you what I'm feeling

If I keep these feelings in

And if I don't say the words
How would you hear what's inside my heart
How would you know then
If I don't tell you now
If I don't tell you now
