Where there's a cloud, don't mean there's rain  
Tears in my eyes, don't mean there's pain  
Don't flatter yourself, I'm over you  
Things aren't always what they seem  
You can't believe everything you read  
On my face, I'm over you

You heard I'm drinking more than I should  
And I ain't been looking all that good  
Someone told you I was taking it rough  
Now why they making those stories up  
When I'm over you

There were times if you'd been around  
You would have seen me broken down  
But now you won't, I'm over you  
So if I seem a little bit cold  
It only means you've lost the hold  
You had on me, I'm over you

You heard I'm drinking more than I should  
And I ain't been looking all that good  
Someone told you I was taking it rough  
Now why they making those stories up  
When I'm over you

You heard I'm drinking more than I should  
And I ain't been looking all that good  
Someone told you I was taking it rough  
Now why they making those stories up  
When I'm over you

I'm over you  
I'm over you
