I'm so ronery, so ronery, so ronery and sadry arone
Dere's no one, just me onry, sitting on my rittle throne
I work rearry hard and make up great prans
But nobody ristens no one understands
Seems rike no one takes me seriorousry
And so, I'm ronery, a ritter ronery, poor rittle me

There's nobody, I can rerate to, feer rike a bird in a
cage
It's kind of sirry, but no rearry, because it's firring my
body with rage
I'm the smartest most crever most physicry fit
But nobody else seems to reararize it
When I change the rorld maybe they'll notice me
But until then, I'll just be ronery
Yeah, a rittle ronery, poor rittle me
I'm so ronery
