Who you tryin' to get crazy with ese?
Don't you know I'm loco?

To da one on da flam, boy ya tempa
Just toss that ham in the fryin' pan like spam
It's done when I come in slam
Damn, I feel like the son of Sam
Don't make me wreck shit hectic
Next to the chair got me goin' like General Electric

The lights are blinkin', I'm thinkin', it's all over when I
go out drinkin'
Oh, makin' my mind slow, that's why I don't fuck with
the big four, oh
Bro, I got ta' maintain 'cuz a nigga like me is goin'
insane

Insane in da membrane, insane in da brain
Insane in da membrane, insane in da brain
Insane in da membrane, went insane, got no brain
Insane in da membrane, insane in the brain

Do my shit undercover, now it's time for for the blubba
Blaba to watch dat belly get fatter
Fat boy on a diet don't try it
I'll check your ass like a looter in a riot

Much too fast like a sumo slammin' dat ass
Leavin' your face in the grass
You know I don't take a chulo lightly
Punk just jealous 'cuz he can't out- write me

So kick that style, wicked wild
Happy face nigga never seen me smile
Rip dat mainframe, I'll explain
A nigga like me is goin' insane

Insane in da membrane, insane in da brain
Insane in da membrane, insane in da brain
Insane in da membrane, went insane, got no brain
Insane in da membrane, insane in the brain

Insane in the brain, in the brain
Because I'm loco

Insane in the brain, in the brain
Because I'm loco

Insane in the brain, in the brain, insane
Because I'm loco
Insane in the brain

Like Louie Armstrong played the trumpet
I'll hit dat bong and break ya off somethin' soon
I got ta get my props, cops come and try to snatch my
crops

These pigs wanna blow my house down
And underground to the next town
They get mad when they come to raid my pad
And I'm out in the nine-deuce Cad

Yes, I'm the pirate pilot of this ship
if I get wit' the ultraviolet dream
Hide from the red light beam
Now do you believe in the unseen
Look but don't make you eyes strain
A nigga like me is goin' insane

Insane in da membrane, insane in da brain
Insane in da membrane, insane in da brain
Insane in da membrane, went insane, got no brain
Insane in da membrane, insane in the brain

Insane in the brain
Because I'm loco
Insane in the brain
Because I'm loco

Insane in the brain
Because I'm loco
Insane in the brain
Because I'm loco

I think I am goin' crazy
