[Chorus:]

Its a small world after all

Its fan

Its fan you know what the name is
Spitting rhymes you know what the game is
I goy some stuff I wanna bring up
I have an album on the way
Just need to love and hug and Brotherly love
What they do to us
Cause you never know who you might meet
Bird or a kid on the streets

[Chorus]

Life is short and the world is small You never know when you might fall Stop the fighting it could last forever were all here on this earth together

[Hook]

Cant we all just get along hold hands around a fire and sing my song holla dogg just put a smile on your face so we can live together in this happy place

[Hook 2]

Everbody get your smile going on get together and sing my song 2x United we stand divided we fall come together we can have a ball

[Chorus]

So I'm just tryin' to get my point across
I hope you all don't get lost
but if you are its OK cause ill help you out
that's what being friends is all about
In a world so small
lend a hand that well stress a little less Its easy for us
to blow it

Don't you just know it I'll teach you what it is to live Its the same fundamentals you use to forgive I can teach you what it is to be kind Just open up and expand your mind

[Hook Chorus]

I'm a small girl in a small world [2x]

[Hook 2] [Chorus]
