It's a small small world, oh yes
Just a small, just a small world
A small world after all

It's a world of laughter, a world of tears
It's a world of hopes, a world of fear
There's so much that we share
And it's time we're aware
It's a small world after all

It's a small world after all
It's a small world after all
It's a small world after all
It's a small small world

There is just one moon and one golden sun
And a smile means friendship to everyone
Though the mountains divide and the oceans are wide
It's a small world after all

It's a small world after all
It's a small world after all
It's a small world after all
It's a small small world

It's just a small small world, oh yeah
So we got to get together, live together oh
Oh yeah

It's a world of laughter, a world of tears
It's a world of hopes, it's a world of fear
There's so much that we share
And it's time we're aware
It's a small world after all

It's a small world after all
It's a small world after all
It's a small world after all
It's a small small world

It's a small world after all
It's just a small world after all

It's a small world after all
It's just a, just a small small world, hey

It's a small world after all
It's a small world after all
It's just a small world after all
