Do you ever have that dream  
Where you're walking naked down the street  
And everyone just stares  
Do you ever feel so deep  
That you speak your mind  
To put others straight to sleep  
You wonder if anybody cares  
Sometimes I think I'm the only one  
Whose day turned out unlike it had begun

And I feel bare naked  
And I just can't take it  
I'm getting jaded  
No I just can't fake it anymore  
"cause I'm bare naked  
And I know life's what you make it  
Wish I could float away  
To some other day

You ever go downstairs to start your day  
But your car's not there  
Yeah you know the joke's on you  
You ever try your luck with a pickup line  
But you just sucked  
You tell yourself it wasn't you  
And I know it's hard to hold it inside  
It's days like these I run and hide

When I feel bare naked  
And I just can't take it  
I'm getting jaded  
No I just can't fake it anymore  
"cause I'm bare naked  
And I know life's what you make it  
Wish I could float away  
To some other day

It's all a state of mind  
But I don't mind trying to find a way  
To keep my head above the mess I make  
What the world creates  
Sometimes it feels so good to let it all fall

As the world fall  
I may fall  
We all may fall  
And then the world comes tumbling  
Down down down down down

I'm bare naked  
And I just can't take it  
I'm getting jaded  
No I just can't fake it anymore  
"cause I'm bare naked  
And I know life's what you make it  
Wish I could float away  
To some other day

When I feel .. feel (bare naked) .. feel  
When I feel ..  
Yeah no no no ..
