Maybe, it's me, maybe I bore u  
No no, it's my fault, cos I can't afford u  
Maybe baby, puffy, jay z  
would all be better for u  
Cos all I can do is luv u

Baby when I used to luv u  
Theres' nothing that I wouldn't do  
I went thru the fire for you, do anything you asked me  
to  
But I tired of livin this lie  
It's getting harder to justify  
Realised that I just don't luv u  
Not like I used to

La la la  
la la la

Maybe, I should rob somebody  
So we could, live like whitney and bobby  
It's probably my fault, my bad, my loss  
But u are, above cost  
Cos all I could do was luv u

Baby when I used to luv u, theres' nothing that I  
wouldn't do  
I went thru the fire for you, do anything you asked me  
to  
But i'm tired of living this lie  
It's getting harder to justify  
Realised that I just don't luv u  
Not like I used to

Hola hola hola  
Hola hola hola

Do you remember when I used to luv u  
Baby no not any more, luv u  
Ooohhhh, I luv u  
And you're gonna miss me now

Baby when I used to luv u

There's nothing that I wouldn't do,  
I went thru the fire for u, and i'm not gonna play the  
fool  
No I can't live this life, and I can't justify, and I can't  
make up my life  
Cos I don't luv u  
Not like I used to do

Hola hola hola  
Hola hola hola

Oh I used to luv u  
Oh I used to luv u

Oh but I don't luv u  
Oh but I don't luv u

Oh but you're gonna miss me now

Baby when I used to luv u, theres' nothing that I  
wouldn't do  
I went thru the fire for you, do anything you asked me  
to  
But i'm tired of living this lie  
It's getting harder to justify  
Realised that I just don't luv u  
Not like I used to

la la la  
la la la  
Oh I used to luv u  
Oh I used to luv u

Oh but I don't luv u  
Oh but I don't luv u

Oh but you're gonna miss me now

Oh but I don't luv uuuuuuuuuuu
