Sing with the voices
Covered in gladness
You give me joy
Singing is the way we, way we celebrate
Freedom to express ourselves in every single way
I can't help but let out
Every song I feel inside
Do your best
It's your chance
Let it shine
Singing joy, joy
Oh come make a joyful noise
Come make rejoice, rejoice
Oh come make a joyful noise
I know you feel it
Hear my soul
Joyful noise give me the feeling I can't control
Way down
Deep in my soul
Tap that bat with my beat down low
Turn it up no need to be under
The boom in my base
Will rock you like thunder
So make way for the joy when it rains
for the south and the briggs in the game joy joy
Singing joy, joy
Oh come make a joyful noise
Come make rejoice, rejoice
Oh come make a joyful noise
me make a joyful x5 noise !!
