Na na na na

She gave you a flower
The one that god gave her

You all up in the kool aid
But you do not know de flavor

Get into the zone baby
And do yourself a favor

Head down spin around
Get a little refried

If that don't get it
You can ketch it on the b side

Just push play
Fna fuckin' a
Just push play
They're gonna bleep it anyway
Just push play
Fna fuckin' a
Just push play
We're comin' at you anyway

Sweet leaf dreamer
You been smokin' up the ganja

Damned if you do yeah
But don't get any on ya

Kickin' off the cashmere
Puttin' on the kasbah

It's a kiss a diss
And trade it for a coo hah

Just push play
Fna fuckin' a
Just push play
They're gonna bleep it anyway

Just push play
Fna fuckin' a
Just push play
We're comin' atcha anyway

Instead of growin' old all dapper and neat
I'm gonna grow my hair right down to my feet
It's you and me baby no pimp daddy jack
It's cadillac wack no cadillac wack back

Just push play
Fna fuckin' a
Just push play
They're gonna bleep it anyway
Just push play
Fna fuckin' a
Just push play
We're comin' atcha anyway
Na na na na na

Fna fuckin' a
They're gonna bleep it anyway
Walk this way
We're comin' atcha anyway

Just push play
Fuckin' a
Just push play
They're gonna bleep it anyway
S'il vous plait
Fuckin' a
Just push play
We're comin' atcha anyway

Tell me what i say

Walk this way

Fuckin' a
We're comin' atcha anyway
