You said you need a groom this evening  
I told you I'm leaving  
Till you bagged me to stay  
You got your high heels on to tease me  
You promised to please me  
Then you take it away

The fire's fading baby stook it up  
And let it roll up your sleeves  
Why can't you tell me that we're breaking up  
And that I need space to breath

If you can't wait any longer  
Let it out  
Let it in  
If you think time will make you stronger  
Let it out  
Let it in  
Let it out

You used to keep me up till the morning  
Keeping me warm until I had to be gone  
And now you can't find any room in your head  
You see you got out of bed  
Well that my coffee ain't on

The door is open do you locked it up  
And then you threw out the key  
Why can't you tell me that we're breaking up  
That I need space to breath

Let it out  
Let it in  
I can't wait (x2)

Let it out  
Let it in  
I can't wait

No I can't wait  
Till you let me in  
I can't wait

Got to let it out
