its been a long road but we're finally here
and the view from the top so beautiful clear
we could see forth forever not a cloud in the sky
its a perfect weather every day of our lives
just imagine if everything you wanted came true
well it happened for me so if it can happen to you
we're on a journey of truth and belief is the key
so open your heart and let your life free
i feel like im glowing, and i like where im going
tonight, im showing up to shine
this little light of mine, im gonna let it shine (3x)
let it shine (3x)
first day back we're packed and stomping
clapping, laughing, singing, dancing, blasting
everlasting
when im rapping to the track and asking everyone
put your hands up, stand up
rox-ie come and take my hand
and make the congregation rock
step breaking and it feels so good
if i could thank everybody here i would
i feel like im finally free, and i
im ready (2x)
im ready to fly
i feel like im glowing, and i like where im going
tonight, im showing up to shine
this little light of mine, im gonna let it shine (3x)
let it shine (3x)
you know whats come out, dont hide your shine yo
now put your hands in the sky cause your light is your
love
this little light of mine, im gonna let it shine (3x)
let it shine (6x)
