Joanna:He says my screenplay's much too dark
Katherine:What do they know, these morons
Sandy:Where's your husband?
Sasha:He's in Reno
Gerard:So are you free for dinner?

Artie:Joe, you bastard
What brings you here?
Joe:I'm taking a creative note
From some snotty studio smartass
Artie:I'm in love
Joe:what, again?
Artie:No, no, no
This is it
The real thing

Never thought it could happen like this
Saw myself as the Jewish Casanova,
But as soon as we shared our first kiss
I knew all my romancing days are over
Now I'm up in the clouds and I'm head
Over heels.

I know it sounds corny, but that's how it feels
