You like that, remember me?
Let's get rowdy, let's ride

Yo, Montell, when you walk, they be goin' to the lobby,
y'all
Tell the bellman, I need some more towels up here
When you see Shorty, the one that's sittin' on them 20's
Tell him in 504, she's still bobbin', you heard?

Let's get rowdy, let's get rowdy
Know Montell's 'bout it, 'bout it
Let's get rowdy
Master P's 'bout it, 'bout it

Stepped in the club, after my show
You know the spot where everybody's on the low, low
That's when I saw her, she saw me
She told me she like Master P an' Montell occasionally

So I laid back, put a 50 in my mouth
Said, "I wanna see you shake it, girl"
'Coz that's what that 'bout it, 'bout it, 'bout
All tha niggas in tha is in the club was jealous of me
'Coz I waited for it an' I stayed for
An' I'm damn near 'bout to pay for it, so

Let's ride all night, I don't doubt it
Your love is 'bout it, 'bout it
An' I'm so excited, girl, I wanna ride it
Let's ride tonight, can't do without it
Your love is 'bout it, 'bout it
An' I want tonight, girl, I wanna ride it

Now baby, what's more than incredible, she did her
thing
5 5, 146, swimmin' nothin' but a G string
Her chocolate lips an' sexy thighs
Sittin' properly up on top of me
She's ridin', ain't no stoppin' me now

She bounced back, then rocked slow
Like she's auditionin' to kick it in my video

There ain't no limit to what she'd do
I'm listenin', she's whisperin'
Her girl wanna ride me too

Let's ride all night, I don't doubt it
Your love is 'bout it, 'bout it
An' I'm so excited, girl, I wanna ride it
Let's ride tonight, can't do without it
Your love is 'bout it, 'bout it
An' I won't deny it, girl, I wanna ride it

She's movin' up an' down an' round an' round tonight
Movin' up an' down an' around an' around
She's movin' up an' down an' round an' round, let's ride
Oh baby, ain't nothin' like the real thing, yes it is

See us soldiers do it wild, I could make you smile
Make my nine go pow, put on your boots, let's run some
miles
Camouflage on them sheets, make that head board
squeak
Up an' down 'til you reak 'cuz us thug like a freak

Sixty eight'll be my code, if you 'bout it girl, let's roll
I told you was no limit 'cuz tonight anythin' goes
Anythin' goes, let's roll, lemme help you take up off
your clothes
Give me a preview before an' the rest after the show

Thug love mixed with cream, Hennessey, strawberries
an' Moet
Champagne, Mo' in the bath havin' a hot tub
Wipe our feet off on Oriental Rug
Can't get enough, you on top of me, me on top of you
Do what you want to this thug, girl, ain't no stoppin' you

Let's ride tonight, can't do without it
Your love is 'bout it, 'bout it
An' I won't deny it, girl, I wanna ride it
Let's ride all night, I don't doubt it
Your love is 'bout it, 'bout it
An' I'm so excited, girl, I wanna ride it

Let's ride tonight, can't do without it
Your love is 'bout it, 'bout it
An' I won't deny it, girl, I wanna ride it
Let's ride all night, I don't doubt it
Your love is 'bout it, 'bout it
An' I'm so excited, girl, I wanna ride it
