Don't bother saying sorry  
Why don't you come in?  
Smoke all my cigarettes - again.  
Everytime I get no further  
How long has it been?  
Come on in now  
Wipe your feet on my dreams.

You take up my time  
Like some cheap magazine  
When I could have been  
learning something  
Well, you know what I mean.

I've done this before  
And will do it again  
C'mon and kill me baby  
Whilst you smile like a friend  
And I'll come running  
Just to do it again.

(I can't believe it  
that this is still going on  
Just how stupid can one person be?  
Just how stupid and wrong)\*\*

You are the last drink I never should have drunk  
You are the body hidden in the trunk  
You are the habit I can't seem to kick  
You are my secrets on the front page every week.  
You are the car I never should have bought  
You are the train I never should have caught  
You are the cut that makes me hide my face  
You are the party that makes me feel my age.

Like a car crash I can see but just can't avoid  
Like a plane I've been told I never should board  
Like a film that's so bad but  
I've just got to stay 'til the end  
Let me tell you -  
it's lucky for you that we're friends.

\*\*These lyrics were in the CD cover but never sung in  
the song. go
