[Jimmy:]

Where you goin'? You can't leave me, girl, I love you.

[Lorell:]

And Lorrell loves Jimmy, Lorrell loves Jimmy, Lorrell
loves Jimmy, it's true.

But Lorrell and Jimmy are through. I got a show to do,
remember, baby?

Oh baby, I got a show to do.

[Announcer:]

And now, please welcome the brightest star in the
Rainbow Constellation,

Deena Jones and the incredible Dreams!

[Deena:]

I, I

Hello, America.

What a wonderful evening.

I love you all. Curtis, baby, this is for you.

[Dreams:]

We are a family

Like a giant tree

Branching out toward the sky

We are a family

We are so much more

More than just you and I

We are growing free
