Love, always comes as a surprise  
You don't need to close your eyes  
'Cause soon you'll recognize  
Its colors

Life, well it always has a twist,  
Something new that can't be missed  
And you know I can't resist  
This feeling

I used to feel so far from home  
I thought all hope had flown  
Just a dreamer on my own  
And I know

Life's complicated,  
But we have to try  
To find our own future  
With you at my side  
We can all work together  
To build something new  
I know you can see it, let's make it come true

Extended PartEdit  
Time, well it passes by so fast,  
we must make each moment last  
And treasure each and every feeling.

Friends, are what make it all worthwhile,  
Just try and show a little style,  
And life can put a smile on your face

Don't ever give up on your dreams  
As hard as things may seem  
We can win through in the end,  
Believe me

Fears and illusions,  
The die may be cast,  
But things can still change,  
the future at last  
Can be held in our hands,

And out of the blue  
With friends at our side,  
Happy endings(?) come true.
