you are the winter fall and spring
you are the sun that summertime brings
you are the stars in the night time sky
you are my girl and I'm your guy
you got me all tied up in knots
and I'm lovin' you lots and lots
I'm just lovin' you lots and lots
I'm lovin' you lots and lots

you are as fresh as the morning air
you are cute as a cuddly bear
you are soft as a baby's sigh
you are my girl and I'm your guy
that's why I'm lovin' you lots and lots
I'm just lovin' you lots and lots
I'm all tied up in knots
I'm just lovin' you lots and lots

you got me all tied up in knots
and I'm lovin' you lots and lots
I'm just lovin' you lots and lots
I'm lovin' you lots and lots
Lovin' you lots and lots
