Midnight, not a sound  
from the pavement  
Has the moon lost her memory?  
She is smiling alone.  
In the lamplight,  
the withered leaves collect  
at my feet. And the wind moan. Memory all alone in the  
moonlight I can smile at the old days I was beautiful  
then I remember the time I knew what happiness  
was Let the mem'ry live again Ev'ry street lamp seems  
to beat A fatalistic warning Someone mutters and a  
street lamp gutters And soon it will be morning Daylight I  
must wait for the sunrise I must think of a new life And I  
musn't give in When the dawn comes tonight will be a  
memory too And a new day will begin Burnt out ends of  
smoky days The stale cold smell of morning The street  
lamp dies another night is over Another day is  
dawning Touch melt's so easy to leave me All alone with  
the memory Of my days in the sun If you touch me you'll  
understand what happiness is Look a new day has  
begun
