in the day,in the night
say it right,say it all you either got it
or you don't you either stand or you fall
when your will is broken,when it slips from your hand
when theres no time for joking theres a hole in the plan
oh you dont mean nothing at all to me
no you dont mean nothing at all to me
do you got what it takes to set me free
oh you could mean everything to me
i cant say that im not lost and at fault
i cant say that i dont love the light and the dark
i cant say that i dont know that i am alive
and all what i feel i could show you you tonite you
tonight
oh you dont mean nothing to me
no you dont mean nothing at all to me
do you got what it takes to set me free
oh you could mean everything to me
from my hands i could give you something that i
made....
from my mouth i could sing you another brick,that i
laid...from my body i could show you a place god
knows you should know space is holy...Do you really
want to go?
