I'm taking a ride with my best friend
I hope he never lets me down again
I know where he's taking me
Taking me where I wanna be
I'm taking a ride with my best friend

We're flying high
We're watching the world pass us by
Never want to come down
Never want to put my feet back down on the ground

I'm taking a ride with my best friend
I hope he never lets me down again
He promised me I'm safe as houses
As long as I remember who's wearing the trousers
I hope he never lets me down again

We're flying high
Watching the world pass us by
We're flying high
Watching the world pass us by

Never want to come down
Never want to come down
Never want to come down
Never want to put my feet back down on the ground

See the stars, they're shining bright
And everything's all right tonight
See the stars, they're shining bright
And everything's all right tonight
