Raised the prices yesterday at the grocery store
Wreckless man hangin out front
Always gets the yard
Can we ever solve these problems in our changing
world?
Will our children ever get to play out in the yard?

There's a new kind of world that's takin over
Its got devils its got angels sittin on my shoulder
There's a new kind of world that's takin over
Ain't no more second chances there ain't no turning
back

Living in this epidemic
Population stage
Will the future of tomorrow hold what they deserve?
How much farther can we go with all these spinning
wheels?
And will my children recognize the world that we all
helped

There's a new kind of world that's takin over
Its got devils its got angels sittin on my shoulder
There's a new kind of world that's takin over
Ain't no more second chances there ain't no turning
back

There's a new kind of world that's takin over
Its got devils its got angels sittin on my shoulder
There's a new kind of world that's takin over
Ain't no more second chances there ain't no turning
back

There's a new kind of world that's takin over
There's a new kind of world that's takin over
Its got devils its got angels sittin on my shoulder
There's a new kind of world that's takin over
Ain't no more second chances there ain't no turning
back
