I guess I'm not too good at keeping love alive for long  
I think I've found the answers but the answer's always  
wrong  
My first love was my true love and it should have been  
my last  
The only time I'm happy is when I'm dreaming in the  
past

\* Next time you fall in love  
It better be with me  
The way it used to be  
Back then was when we touched the starlight

Sometimes you turn away from what your heart tells  
you is right  
And so you settle for whatever gets you through the  
night  
The flame you thought was dead may suddenly begin  
to burn  
And broken heart can be repaired that's something that  
you'll learn

repeat \*

I've relived every moment that I ever shared with you  
what fools we were to end a dream that looked like  
coming true

repeat \*
