Now that we found love what are we gonna do with this?

Now that we found love what are we gonna do with this?

Now that we found love what are we gonna do with this?

One two, tell me what you got
Let me slip my quarters inside your slot to hit the jackpot
Rev me up rev me up, my little buttercup
We can tug sheets snuggle up and get stuck
Believe it or not here comes the brother with glow
A strugglin', bubblin' overweight lover hurt prone
So what's it gonna be, me or the TV?
Now let me take time to set your mind and your body free

So why don't you just stretch stretch for a sec
Played [Incomprehensible] so I could cop a quick rec
Shake me, shake me baby baby bake me
No need to fake here I am come on and take me
Wind your body baby move your body
I see you slip sliding come on now do it hottie
I'm not quite sure as to what is going down
But I'm feeling hunky dory 'bout this thing that I found

Now that we found love what are we gonna do with this?

Now that we found love what are we gonna do with this?

Now that we found love what are we gonna do with this?

I like the way you wiggle you don't jiggle once you jiggle
So hand over your love 'cause it's heavy in the middle
Move her like a mover she wanted to groove so I grooved her
Then she wanted to learn so we played school and I schooled her
Mary had a little lamb, but not like this

We can waltz and turn rumble tumble and twist
Then you think you wanna give in, fantasies relivin'
So lay down and relax, yeah baby, that's it

Lover my lady, lady love of my baby girl
Spread your wings so we can fly around the world
Harmony, charmin' me your fingertips are callin' me
When you dropped a kiss Suzie Q you dropped a bomb
on me
Stretch it, stretch it flex it, flex it
Gimme the permission okey, dokey I'll bless ya
Blessin' like Buddha, Buddha as the bless
We can lay down at the lover put your head on my
chest

Now that we found love what are we gonna do with
this?
Now that we found love what are we gonna do with
this?

Now, uh, keep it funky
Yeah , keep it smooth
Now, uh, here we go

What can we do? What are we gonna do?
Roses are red and violets are blue
Love is good and plenty if you get plenty good lovin'
Kiss you where you're hot to what I got to keep
you bubblin'
Do me right do me right my lonesome dove
Tell your man one, time what is this thing called love?
I'm not quite sure as to what is going down
But I'm feelin' hunky dory 'bout this thing that I found

Now that we found love what are we gonna do with
this?
