I close my eyes
And even when I'm sleeping
I'm alright
'Cause you are in my life
Once upon a time
I only imagined this
And now you're mine
Wished for you so hard
Prayed that you'd find me
Maybe you're here today
Here to remind me

If you believe that dreams come true
There's one that's waiting there for you
'Cause I believed when I saw you
That when you want something enough
Then it can't escape your love
There is nothing in the world that cannot be
If you believe

Everybody said
That I was a fool to think
That we'd connect
But I couldn't get
My heart out of my head
They just didn't see
No they just couldn't know
The feeling that you gave
The places that you go

If you believe that dreams come true
There's one that's waiting there for you
'Cause I believed when I saw you
That when you want something enough
Then it can't escape your love
There is nothing in the world that cannot be
If you believe

I never wished for material things
Never needed wind in my wings
I never wished for anything but you
I can't explain it

Someone just told me
Go where your heart is
You'll never be lonely

If you believe that dreams come true
There's one that's waiting there for you
'Cause I believed when I saw you
That when you want something enough
Then it can't escape your love
There is nothing in the world that cannot be
If you believe
