The deception with tact
Just what are you trying to say?
You've got a blank face, which irritates
Communicate, pull out your party piece

You see dimensions in two
State your case with black or white
But when one little cross leads to shots, grit your teeth
You run for cover so discreet

Why don't they do what they say, say what you mean
One thing leads to another
You told me something wrong, I know I listen too long
But then one thing leads to another

The impression that you sell
Passes in and out like a scent
But the long face that you see
Comes from living close to your fears

If this is up then I'm up but you're running out of sight
You've seen your name on the walls
And when one little bump leads to shock, miss a beat
You run for cover and there's heat

Why don't they do what they say, say what you mean
One thing leads to another
You told me something wrong, I know I listen too long
But then one thing leads to another, yeah yeah yeah
yeah

One thing leads to another
Then it's easy to believe somebody's been lying to me
But when the wrong word goes in the right ear
I know you've been lying to me

It's getting rough, off the cuff I've got to say enough's
enough
Bigger the harder he falls
But when the wrong antidote is like a bulge on the
throat
You runs for cover in the heat

Why don't they do what they say, say what you mean
One thing leads to another
You told me something wrong, I know I listen too long
But then one thing leads to another, yeah yeah

One thing leads to another
One thing leads to another
One thing leads to another
