Army with harmony  
Dave drop a load on 'em

OPP, how can I explain it  
I'll take you frame by frame it  
To have y'all jumpin' shall we singin' it  
O is for Other, P is for People scratchin' temple  
The last P...well...that's not that simple  
It's sorta like another way to call a cat a kitten  
It's five little letters that are missin' here  
You get on occassion at the other party  
As a game 'n it seems I gotta start to explainin'  
Bust it  
You ever had a girl and met her on a nice hello  
You get her name and number and then you feelin' real  
mellow  
You get home, wait a day, she's what you wanna know  
about  
Then you call up and it's her girlfriend or her cousin's  
house  
It's not a front, F to the R to the O to the N to the T  
It's just her boyfriend's at her house (Boy, that's what is  
scary)  
It's OPP, time other people's what you get it  
There's no room for relationship there's just room to hit  
it  
How many brothers out there know just what I'm gettin'  
at  
Who thinks it's wrong 'cos I'm splittin' and co-hittin' at  
Well if you do, that's OPP and you're not down with it  
But if you don't, here's your membership

[Chorus:]

You down with OPP (Yeah you know me) 3X  
Who's down with OPP (Every last homie)  
You down with OPP (Yeah you know me) 3X  
Who's down with OPP (All the homies)

As for the ladies, OPP means something gifted  
The first two letters are the same but the last is  
something

different

It's the longest, loveliest, lean-- I call it the leanest  
It's another five letter word rhymin' with cleanest and  
meanest

I won't get into that, I'll do it...ah...sorta properly  
I say the last P...hmmm...stands for property  
Now lady here comes a kiss, blow a kiss back to me,  
now tell me  
exactly

Have you ever known a brother who have another like  
ah girl or wife

And you just had to stop and just 'cos he look just as  
nice

You looked at him, he looked at you and you knew right  
away

That he had someone but he was gonna be yours  
anyway

You couldn't be seen with him and honestly you didn't  
care

'Cos in a room behind a door no one but y'all are there  
When y'all are finish, y'all can leave and only y'all  
would know

And then y'all could throw the skeleton bones right in  
the closet do'

Now don't be shocked 'cos if you're down I want your  
hands up high

Say OPP (OPP) I like to say with pride

Now when you do it, do it well and make sure that it  
counts

You're now down with a discount

[Chorus:]

You down with OPP (Yeah you know me) 3X

Who's down with OPP (Every last lady)

You down with OPP (Yeah you know me) 3X

Who's down with OPP (All the ladies)

This girl ah tried to OPP me

I had a girl and she knew that matter-of-fact my girl  
was partner's  
that

Had a fall out, disagreement, yeah an argument  
She tried to do me so we did it in my apartment, bust it  
That wasn't the thing it must have been the way she hit  
the ceiling

'Cos after that she kept on coming back and catchin'  
feelings

I said, "Let's go my girl is coming so you gotta leave"  
She said, "Oh no, I love you Treach" I said, "Now child  
please"

You gots to leave, come grab your coat, right now you

gotta go  
I said now look you to the stairs and to the stairwindow  
This was a thing, a little thing, you shouldn't have put  
your heart  
'Cos you know I was OPP, hell from the very start  
Come on, come on, now let me tell you what it's all  
about  
When you get down, you can't go 'round runnin' off at  
the mouth  
That's rule number one in this OPP establishment  
You keep your mouth shut and it won't get back to her  
or him  
Exciting isn't it, a special kinda business  
Many of you will catch the same sorta OPP is you with  
Him or her for sure is going to admit it  
When OPP comes, damn-- skippy I'm with it

[Chorus:]

You down with OPP (Yeah you know me) 3X  
Who's down with OPP (This whole party)  
You down with OPP (Yeah you know me) 3X  
Who's down with OPP (This whole party)

Break it down!
