Well, come on and tell us Johnny

What's the secret of success?

You gotta take a tip from the king of hip

'Cause you know that he's the best.

We're goin' prowlin', we're goin' prowlin' tonight!

I see you're hungry for a lover,

Gotta find a chick who'll give you more.

Well, there's a spot that I've discovered

Where a guy's guaranteed to score.

I'm gonna show you cats some action,

Like you've never seen before.

We're gonna get some satisfaction

Down at the grocery store!

We're goin' prowlin' (walk, talk like a T-Bird)

Prowlin' (walk, talk like a T-Bird)

Prowowowlin' tonight!

There's a female butcher, at the luncheon meat display

Got the best tongue in town, she delivers both night
and day!

See the apple of your eye, stackin' peaches in a five
foot pile

Just waitin' some guy to come, and take her rollin' down
the aisle!

Spoken:

Well, I like a debutante, who comes across--now that's
what I call
class.

Well, I like a tall girl, with long legs that go right up to
her...

You know what I like, I like a girl that's really smart
Provided that she's really stacked.

Yeah? Well, I love 'em all, and they love me.

Cause I'm the leader of this here pack!

We're goin' prowlin' (walk, talk like a T-Bird)

Prowlin' (walk, talk like a T-Bird)

Prowowowlin' tonight!
