Hey
Get up
Get loud
Start pumpin' up the party now [x2]

It's the same old, same
But we don't feel we're wasting time
Not so bored that we can't find a better way
My friends, my kind
No one's gettin' left behind
If they did it'd be a crime
That's why we say
Let the music start a revolution

No time to play it safe

Hey
Get up
Get loud
Start pumpin' up the party now [x2]

They can't
We can
Parents might not understand
Having fun without a plan
But that's what we do
We're all here (Let's go!)
We're gonna make it go
Together we can make it blow
Right through the roof
That's what we'll do
The music's gonna start a revolution
Too late to play it safe

Hey
Get up
Get loud
Start pumpin' up the party now [x2]

We don't have to paint by numbers
Let our voice come out from under
Hear it rise

Feel the thunder
It's time to lose control

Hey
Get up
Get loud
Start pumpin' up the party now [x2]
Pumpin' up the party now
Party now, party now

Hey
Get up
Get loud
Start pumpin' up the party now [x4]
