How far will I fall before I break?
(So sweet, completely)
It scares me how much I enjoy my way-
(A way not easy)
But lights out feels so good don't spare my fate (say
viva evil)

Its unsightly glow
Lights my way below
How I love it so completely-
I suppose-
It's sweetness is my weakness
Aidez-moi-
I was the last to know

Share my pillow, pussywillow-
Come-
(Tonight, I need ya)
Your desperation is insatiable
(Kommen sie, liebchen)

There's a light that grows-
Like your lover's nose-
"Where were you last night?"
Why ask?
You already now-
Your weakness is my sweetness
Aidez-moi-
I am the last to know
