I've been drivin all night, my hands are wet on the wheel

There's a voice in my head that drives my heel

It's my baby calls says she needs me here

And it's half past four and I'm shiftin' gear

When she gets lonely and the longin' gets too much

She sends a cable comin' in from above we don't need to talk at all

We got a thing that's called radar love

We got a wave in the air radar love

Radio's playin' some forgotten song

Brenda Lee's comin' on strong

The road has got me hypnotized

And I'm spinnin' into a new sunrise

When I get lonely and I'm sure I've had enough

She sends her comfort comin' in from above we don't need a letter at all

We got a thing that's called radar love

We got a line in the air radar love

No more speed I'm almost there

Gotta keep cool now, gotta take care

Last car to pass here I go

And the line of cars goes down real slow

And the radio played some forgotten song

Brenda Lee's comin' strong

And the newsman sang his same song

Oh, one more radar lover gone

When I get lonely and I'm sure I've had enough

She sends her comfort comin' in from above we don't need a letter at all

We got a thing that's called radar love

We got a line in the sky

We got a thing that's called radar love

We got a thing that's called radar love
