Return to paradise

Come my love with me
Across the sea
Return to paradise

All in life worthwhile
Is on that isle
Return to paradise

Velvet moon above
Evil turns to love
Love ever more

Come my love and find
Your peace of mind
Return to paradise

Velvet moon above
Evil turns to love
Love ever more

Come with me and find
Your peace of mind
Return to paradise

To paradise, to paradise
To paradise, to paradise
To paradise, to paradise
To paradise, to paradise
