Now baby doll, sweetie pie, sugar plum, honey bun,  
angel face

You know you better be good  
And act like a true fine lover should  
Be careful what you say and do  
'Cause Santa Claus is watchin' you  
(He's everywhere, he's everywhere)

You better kiss me and hold me tight  
And gimme good lovin' every night  
'Cause you'll be sorry if you make me blue  
'Cause Santa Claus is watchin' you  
(He's everywhere, he's everywhere)

Well you may think you can sneak around  
And get away with somethin' but there ain't no way  
'Cause Santa's no fool, he's really super cool  
He's the secret head of the CIA  
If and crime don't pay  
(You can't do nothin' 'cause you're never alone)  
(He's even got a wiretap on your phone)

So baby if you ever do me wrong  
Break my heart and leave me alone  
When Christmas comes, you'll be cryin' too  
'Cause Santa Claus is watchin' you  
(He's everywhere, he's everywhere)

Oh, every Christmas Eve  
He climbs on his sled full of toys  
With the dual exhausts, side mirrors, fox tails  
Mud flaps and leopard skin seat covers  
And spreads Christmas cheer to all good little girls and boys

And he say "On Dasher and Dancer and Prancer and  
Vixen  
On Comet and Cupid and Donner and Blitzen  
On Bruce and Marvin and Leon and Cletus and George  
On Bill and Slick and Doorright and Clyde and Ace and  
Blackie  
On Queenie and Prince and Spot and Rover"

Where's Rudolph?  
He's on a stakeout at your house  
You can run, you can hide, but you can't get away  
Got binoculars focused on you every day

So baby if you ever do me wrong  
Break my heart and leave me alone  
When Christmas comes, you'll be cryin' too  
'Cause Santa Claus is watchin' you  
(He's everywhere, he's everywhere)

Yeah, Santa Claus is watchin' you  
(He's everywhere, Lord have mercy!)  
Santa Claus has got his eyes all over you baby  
It's over for you, you better watch out, hoo!  
Look out there, Santa Claus is peepin' around the  
corner at you

You're in deep trouble, you know dat?  
He's wise to you baby, you go sneakin' around here  
You ain't gonna get away with it, you understand  
I'm mean, you got to be true blue, through and through  
Or Santa's gonna git you!
