If you kiss me I will feel nothing
You can do what you like to please me
I have a choice so I threw you away
You stood there and asked me to stay

What's a girl to do?
What's a girl to do?
I was mixed up so confused
What did I just say
What did she just say
I will regret this every day

I don't want to see you because I
Wonder what it would have been like
I think you were cruel and vain but I want
You to want to kiss me when I want

What's a girl to do?
What's a girl to do?
I was mixed up, so confused
What did I just say
What did she just say
I will regret this every day

But oh guess what, I know your secret
And do you know if I will keep it
But oh I might just
I think you know that you deserve this

If you kiss me I will feel nothing
You can do what you like to please me
I have a choice so I threw you away
You stood there and asked me to stay

What's a girl to do?
What's a girl to do?
I was mixed up, so confused
What did I just say
What did she just say
I will regret this every day

I will regret this every day (x3)
