I want somebody to share, share the rest of my life
Share my innermost thoughts, know my intimate
details
Someone who'll stand by my side and give me
support
And in return she'll get my support

She will listen to me when I like to speak
'Bout the world we live in and life in general
Though my views may be wrong, they may even be
perverted
She'll hear me out and won't easily be
converted

To my way of thinking, in fact she'll often
disagree
But at the end of it all she will understand me?

I want somebody who cares for me passionately
With every thought and with every breath
Someone who'll help me see things in a
different light
All the things I detest, I will almost like

I don't wanna be tied to anyone's
strings
I'm carefully trying to steer clear of those
things
And when I must sleep, I want somebody
Who will put their arms around and kiss me tenderly

Though things like this make you sick
In a case like this I'll get away with it
