Oh baby, oh yeah

I was alone until you came and brought the sunshine
I was afraid but in your love I found peace of mind
I was so blind you opened my eyes and now I can see
I know that you understand me baby you're all a woman
should be

And it's you baby that gets me to tomorrow
And it's you baby that takes away my sorrow
When you lie close to me in my heart I believe
We'll always be together and there ain't nobody better
Our love will last forever I finally found

Someone to hold girl you're my everything
To call my own every single day of my life
I'm not alone, no, no, no
Take me in and make me whole again

Whenever you smile baby my world is filled with
laughter
I look in your eyes and honey my heart and soul are
captured
With the touch of your hand you start a fire burning
And there'll never be another now that we've got each
other

Someone to hold oh girl you're my everything
To call my own every single day of my life
I'm not alone, no, no, no, no, no
Take me in and make me whole again

Oh, girl you make my life seem brighter
'Cause you take me and lift me up higher
Your loving feels so right takes my breath away
Every time you say you'll love me for the rest of your
life

Someone to hold you're my everything, yeah
To call my own every single day of my life
I'm not alone, no, no, no, no
You take me in and make me whole again

Someone to hold, someone to hold, someone to hold
Somebody, somebody

I love you baby, oh baby
Take me in and make me whole again
Oh give you my life baby everyday of my lifetime
You take me in and make me whole again
You're my everything, oh yeah
