Baby, yes I, I picture that I could read your mind  
And tell you everything, you're going through  
Baby, I could try to find, a thousand reasons why  
You're alone and acting so cold

Tell me how long you've been this way  
Maybe I can open up your heart  
See, I've been waiting all my life  
For someone just like you  
And I know you've been waiting too  
For someone to love you

(All you need is someone who cares)  
For someone to love you  
(Someone who will always be there)  
All you need to say is that  
You want me to be with you  
Girl, I know you've waited so long  
For someone to love you

Baby, I wish I could be there  
For every time, you ever shed a tear  
Baby, I hate to see a pretty girl, like you  
Going through the things that you do, yeah

Girl, I think you've gone too far too long  
Without a good man to make you smile  
Now how can I appeal to you and make you understand  
That I'm here, when you're ready for  
Someone to love you

(All you need is someone who cares)  
Someone to love you  
(Someone who will always be there)  
All you need to say is that  
You want me to be with you  
Girl, I know you've waited so long  
For someone to love you

Maybe you've been waiting for the man from all the  
fairy tales  
Or maybe just the man from all your dreams

Try to think reality, explore the possibilities  
'Cause girl, you know you've waited for so long  
For someone to love you, you, you, you, you

(For someone to love you)  
Waited oh so long

All you need is someone who cares  
(Someone to love you endlessly)  
All you need is someone who will always be there  
(A man like, a man like me)  
All you need is someone who cares  
(I just want to hold someone, someone)

(How was your day, baby?)  
All you need someone who will always be there  
(Open up your heart, please babe)  
All you need is someone

I care for you, babe  
(All you need is someone)  
Take my hand, I wanna be that someone  
Someone, someone, someone, someone  
(All you need is)
