Welcome to the Tea Party
Want to be my VIP?
You didn't RSVP
That's ok, that's ok
Welcome to the Tea Party (oh oh, oh oh)
Want to be my VIP?
When I all steamed up, hear me shout
Tip me over and pour me out

Your appetite is flex
I got the table set
Don't get your dribble on my
T-t-table yet

I got the goodies baked
Got more than you can take
Just try and nibble on my biscuits and my rainbow cake

Let's be traditional
And non commissional
Got my elbows down, pinkies up
That's the way you sip my cup

Welcome to the Tea Party (oh oh, oh oh)
Want to be my VIP? (oh oh, oh oh)
You didn't RSVP (oh oh, oh oh)
That's ok, that's ok (oh oh, oh oh)
Welcome to the Tea Party (oh oh, oh oh)
Want to be my VIP?
When I all steamed up, hear me shout
Tip me over and pour me out

Try not to move so fast
You know the sir comes last
I'm the lady fatha mucka try to show some class

Don't drink the last cup
We keep it boiling hot
We keep the party moving till we drink the last drop

Let's be traditional
And non commissional

Got my elbows down, pinkies up
That's the way you sip my cup

Welcome to the Tea Party (oh oh, oh oh)

I know this night is like no other
You're not just another

I know it's only getting better
As long as we're together

I know this night is like no other
You're not just another
