You sink your teeth in bite the blood that drains the life
inside of me
and fills your soul with love and hate and all those
things you need to breathe.
My body dies but still my soul remains eternally in
search of
Caspian waves and shallow graves explain why me?

I watched the sky bleed grey with see through shades
of violent bloody stains
and felt the evil prime and wicked start a course
straight through my veins.
I'm so alive, my skin so cold and fake I close my eyes
I know that now's the time to take my chance with death
and realize.

So mute and beautiful to me a promise kept on high,
an angelic look at life through open eyes.

I will avenge I can't pretend,
(Sunrise) and fills your soul with love and hate
(Sunset) and all those things you need to breathe.

I will avenge I can't pretend,
(Sunrise)in search of Caspian waves and shallow
graves
(Sunset) explain why me?

I will avenge I can't pretend,
I wont forget this vein attempt and promise kept,
just one more night to make up for the loss of love
And time here comes the sun to rid this world of see
through blood and swollen light

The last sunrise
The last sunrise
The last sunrise
The last sunrise

I will avenge I can't pretend,
(Sunrise) and fills your soul with love and hate

(Sunset) and all those things you need to breathe.

I will avenge I can't pretend,
(Sunrise)in search of Caspian waves and shallow
graves
(Sunset) explain why me?
