[** feat. Talib Kweli:]

"The name of the game is."

[Talib Kweli:]

Persistence, dedication

Consistent, motivation, resistance to stagnation of
information,

Distribute it free to the entire population

No hesitation, making it public

No privatization from corporations

Today in order to be sane you gotta go crazy so remain
on top of the game,

And master your universe like you was He-Man

See me and Hi Tek knock you out de frame while I'm
stimulating de brain

In de "Train of Thought" that's the name of the
Reflection Eternal LP man!

Ain't nuthin' new except organic produce that means
that's free range

You might see me on MTV, BET, or still up on the D-train
It's just everybody else be seemin' strange in they
approach

I see these guys and read they eyes

Need to disguise and so I cloak into a cloud of smoke,
I brown a roach to keep myself from soundin' loc'

Destroy they hopes of hatin'

Don't move aboard before they rock the boat

Yo it's not the dope,

These snakes will come in peace to slit your throat

Give you compliments,

With a promise yet to get me heated and provoke me

To be rockin' shit, shove apocalypse down your
esophagus so swallow that

Guess what you could be coppin' that

N'kiru Books for fifteen dollars flat

Cats who spit knowledge on tracks and get bumped out
the back of Impalas and Cadillacs

All my live Cincinatti Bearcats holla back

Tomorrow they gonna wanna borrow raps like

"C'mon black, I'll pay you back"

I ain't no lyrical ATM even though I'm nice and I'm a
mack

Better believe that, leave that crack alone
And you see that there microphone ain't no place to
work your self-esteem issues
Do that shit when you alone!
Nigga you is grown, why is you still suckin on that
pacifier
Quickly call that ass a liar, exposin you's my last desire
Olympic skills so pass the fire
I roll with niggaz that match attire
Black aware, that's filled with gas but rollin on, flat ass
tires
Yeahehehe, yo hehehe, yo, yo. yo yo
Yo I got a special guest
Lil' Baby Tone Tone, tell 'em what's up
[?]indecipherable[?] Yo, true
Yo we bout to be, tell 'em peace out Tone
(Peace out) Yeah word word Baby Tone, what?
(Yeah what?)
