There's a new moon over my shoulder and an old love  
still in my heart  
I remember now that I'm older what you told me the  
day we had to part  
You promised with the new moon you'd be coming back  
to me  
Now many moons have passed since then I'm waiting  
patiently  
There's a new moon over my shoulder and an old love  
still in my heart

There's a new moon over my shoulder and an old love  
still in my heart  
Now I'm wishing that I had been bolder then perhaps  
we wouldn't be so far apart  
You promised that you'd write me, so far there's not a  
line  
Still I wait and make believe that some day you'll be  
mine  
There's a new moon over my shoulder and an old love  
still in my heart

My darling, I've been praying for your safe return to me  
Then we'd still be sweetheart just the way we used to  
be  
There's a new moon over my shoulder and an old love  
still in my heart
