Better pack your bags and run,
or stay until the job is done,
or maybe you can sit and hope,
that providence will fray the rope,
and sink like a stone.
or go it alone

And isn't it enough
for you?
isn't it (AhhhAhhhAhhh)

Isn't It enough For You
Isn't It? (AhhhAhhhAhhh)
for you

So better pack your bags and run
and send it to oblivion,
where you don't look like anyone
that anyone would care about
and do what you do
'til it buries you

And isn't it enough
for you?
isn't it (AhhhAhhhAhhh)

Isn't It enough For You
Isn't It? (AhhhAhhhAhhh)

And baby - isn't it enough?
like major reno at the bluff
wondering aloud if help is on the way
and baby, isn't this your chance
to make a break with circumstance
isn't it enough to prove today's the day?
isn't it enough to prove today's the day?
