Say the talk, and I won't mind
The days are caused, you know I never try
And I love you like the one I used to know
And if you never had the time
To last an ordinary problem
And I said I'd like to have a place to go

And you live, and you try
I could never find another
If you walk me to the car park, I won't go

To I live this all time
Flashing for that sees be saw you
I could love you like a sister,
But never had
Drawing circles in your concrete
I will know your every move
And I'll send ya, I'll send ya

And you live, and you try
I could never find another
If you walk me to the car park, I won't go
And we live, and we try
Live was hard on us between us
I will love you, I won't let go

We are one inside these walls, undercover
We are one inside these walls, undercover
We are one inside these walls, undercover

We are one in
We are one in
We are one

And you live, and you try
I could never find another
If you walk me to the car park, I won't go
And we live, and we try
Live was hard on us between us
I will love you, I won't let go

We are one
We are one
We are one
We are one
