See the devil on the doorstep now
My oh my
Telling everybody ,oh just how to live their lives
Sliding down the information highway
Buying in just like a bunch of fools
Time is ticking and we can't go back
My oh my

What about the world today
What about the place that we call home
We've never been so many
And we've never been â€¦
So Alone

Keep watching from your picket fence
You keep talking but it makes no sence
You say we're not responsible
But we are, we are
You wash your hands
You come out clean
But fail to recognize the enemy's within
You say we're not responsible
But we are, we are
We are

One step forward, making two steps back
My oh my
Riding piggy on the bad boys back
For life
Lining up for the grand illusion
No answers for no questions asked
Lining up for the execution
Without knowing why

Keep watching from your picket fenceâ€¦

It's all about power, bout taking control
Breaking the will ,and raping the soul
They suck us dry 'til there's nothing left
My oh my My oh my

What about the world today
What about the place that we call home
We've never been so many
And we've never been
So Alone

Keep watching from your picket fence

It's all about power, bout taking control
Breaking the will ,and raping the soul
They suck us dry 'til there's nothing left
My oh my

It's all about power, bout taking control
It's all about power, bout taking control
It's all about power, bout taking control
