What does it take
(What does it take)
To win your love for me?
(To win your love for me?)
How can I make
(How can I make)
This dream come true for me?
(This dream come true for me?)

Whoa I just got to know
(I got to know)
Ooh, baby 'cause I love ya so
Gonna blow for ya

I tried, I tried, I tried, I tried
In every way I could
(In every way I could)
To make you see how much I love you
(To make you see how much I love you)
Ooh, I thought you understood
(I thought you understood)

So you gotta make me see
(Make me see)
What does it take to win your love for me?
Gonna blow again for ya
What does it take to win your love for me?
What does it take to win your love for me?
