What is this, that gangsta, gangsta? Let's get back to business

You gotta kill 'em dead so they don't ask the witness

No questions on the stand, is there especially to the blam

Yeah, I let 'em talk to the stainless

If it's beef, let's keep it G, we don't talk wit disclaimers

We say names, we ain't playing, we leave ya corpse on the pavement

And I ain't hard to find, I'm in New York like the Rangers

My team, what? We all are nice

We pack guns and go to clubs and we ball all night

Crack sales in the slums, break the law all night

So the glock stay stashed up

It's cops trying to harass us

These pretty cars seem to grab they attention

They know these pretty cars cost more cash than they pinching

Plus the city's ours, plus I'm back with a vision

DipSet in this bitch, you know I'm a menace, nigga

It's uhh, what is this? DipSet

What is this? Byrd game

What is this?

That certified G, let's get back to business
